SUMMARY

Aspiring Software Developer with strong problem-solving and programming skills, seeking an opportunity to build innovative and efficient software solutions. Passionate about continuous learning, software development, and applying technical knowledge to solve real-world problems in a dynamic technology environment.

EDUCATION

Bachelor of Technology in Computer Science

Sep 2023 – July 2027

Mangalmay Institute of Engineering and Technology, Greater Noida

Affiliated to AKTU | SGPA: 7.4

EXPERIENCE

LABMENTIX Internship. (Task Management Application).

Nov 2025 - Dec 2025

- Developed a responsive Todo Application to create, edit, delete, and manage daily tasks.
- Implemented CRUD operations for efficient task management.
- Added task completion status with checkbox functionality.
- Used Local Storage to save tasks, ensuring data persists after page refresh.
- Designed a clean, user-friendly interface with responsive layouts.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript.

Frontend: HTML5, CSS3, Bootstrap, React.js.

Backend & Tools: Spring Boot, Hibernate, REST APIs, Maven, Vite.

System Design: Microservices Architecture, Design Patterns.

Database & Cloud: MySQL, AWS, Microsoft Azure, Google Cloud Platform (GCP).

Tools: GIT, GitHub, VS codes, Postman, IntelliJ IDEA.

Core Concept: Data Structures & Algorithms, Problem Solving.

PROJECTS

FinSight | Personal Finance Management Platform. ([Live Demo](#))

(React.js, Spring Boot, MySQL, Hibernate, REST APIs)

- Developed a full-stack personal finance management platform to track income, expenses, savings, and transactions.
- Built a responsive React.js dashboard with interactive data visualizations using Recharts.
- Developed and integrated RESTful APIs using Spring Boot, Hibernate, and MySQL with complete CRUD functionality.

Rock Paper Scissors Game. (HTML, CSS, JavaScript). ([Live Demo](#))

- Developed an interactive browser-based game with dynamic user interactions and score tracking.
- Implemented game logic and random computer choices using JavaScript with a responsive user interface.

Achievements

- **2nd Position – Inter-College SIH Hackathon 2025 (MIMT)**
(The telemedicine healthcare access for Rural area)
